We reviewed a request submitted on your behalf by Congressman Tim Holden dated April 27, 1998, for a Letter of Map Amendment (LOMA). All required information for this request was received on June 12, 1998. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we have determined that a portion of the property described below is located in a Special Flood Hazard Area (SFHA), the area that would be inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood); however, the residential structure on the property is not in the SFHA.

Property Description:	A 1.11 acre parcel of land, as described and recorded in Deed Document No. 10283, recorded in Deed Volume 1818, Pages 723-726, filed on July 29, 1982, in the Berks County Recorder's Office
Street Address:	25 Willow Road

This letter amends the above-referenced NFIP map to remove the residential structure from the SFHA. The residential structure is now located in Zone X (unshaded). Flood insurance coverage for the structure may be available under a low-cost policy (see enclosed document). Because portions of the property remain in the SFHA, any future construction or substantial improvement on the property remains subject to Federal, Commonwealth, and local regulations for floodplain management.

An additional enclosed document provides information about LOMAs. If you have any questions about this letter, please contact Ms. Helen Cohn of our staff in Washington, D.C., either by telephone at (202) 646-3457 or by facsimile at (202) 646-4596.

Sincerely,

Matthew B. Miller
