We reviewed a request submitted on your behalf by Congressman Tim Holden dated March 17, 1998, for a Letter of Map Amendment (LOMA). All required information for this request was received on April 15, 1998. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we determined the property described below is not located in a Special Flood Hazard Area (SFHA), the area that would be inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood).

Property Description:	Lot No. 14, Grist Mill Farms, as described in Deed Document No. 47594, recorded in Deed Volume 2872, Pages 1402 and 1403, filed in the Berks County Recorder's Office on October 3, 1997
Street Address:	33 Sycamore Drive
Flooding Source:	Antietam Creek

The property is correctly shown outside the SFHA on the above-referenced NFIP map. The property is located in Zone X (unshaded). Flood insurance coverage for the structure may be available under a low-cost policy (see enclosed document).

If the policy has been written using an incorrect zone, it can be endorsed to correct the zone for the current policy year and one prior policy term. You should contact your insurance agent or company to request endorsement of the policy.

Additional information about LOMAs is enclosed. If you have any questions about this letter, please contact Ms. Helen Cohn of our staff in Washington, D.C., either by telephone at (202) 646-3457 or by facsimile at (202) 646-4596.

Sincerely,

Matthew B. Miller
