
EXPLANATION
Upper Cretaceous
Paleocene
Eocene
Oligocene
Miocene
Pliocene
Pleistocene
Recent
Undifferentiated Tertiary
Undifferentiated Cretaceous
Undifferentiated Cretaceous and Tertiary
Contact
Fault
Anticline
Syncline
Monocline
Strike and dip of beds
Strike and dip of overturned beds
Horizontal beds
Vertical beds
Strike and dip of joints
Strike and dip of foliation
Strike and dip of cleavage
Strike and dip of flow structure
Strike and dip of igneous dikes
Strike and dip of igneous sills
Strike and dip of igneous laccoliths
Strike and dip of igneous volcanic necks
Strike and dip of igneous batholiths
Strike and dip of igneous stocks
Strike and dip of igneous plugs
Strike and dip of igneous domes
Strike and dip of igneous flows
Strike and dip of igneous pyroclastics
Strike and dip of igneous tuffs
Strike and dip of igneous breccias
Strike and dip of igneous conglomerates
Strike and dip of igneous sandstones
Strike and dip of igneous shales
Strike and dip of igneous limestones
Strike and dip of igneous coals
Strike and dip of igneous lignites
Strike and dip of igneous peats
Strike and dip of igneous clays
Strike and dip of igneous silts
Strike and dip of igneous gravels
Strike and dip of igneous sands
Strike and dip of igneous muds
Strike and dip of igneous oozes
Strike and dip of igneous chalks
Strike and dip of igneous marls
Strike and dip of igneous diatomites
Strike and dip of igneous radiolarites
Strike and dip of igneous cherts
Strike and dip of igneous flints
Strike and dip of igneous jaspers
Strike and dip of igneous agates
Strike and dip of igneous opals
Strike and dip of igneous quartzites
Strike and dip of igneous slates
Strike and dip of igneous phyllites
Strike and dip of igneous schists
Strike and dip of igneous gneisses
Strike and dip of igneous migmatites
Strike and dip of igneous granites
Strike and dip of igneous granodiorites
Strike and dip of igneous diorites
Strike and dip of igneous gabbros
Strike and dip of igneous peridotites
Strike and dip of igneous serpentinites
Strike and dip of igneous basalts
Strike and dip of igneous andesites
Strike and dip of igneous rhyolites
Strike and dip of igneous obsidians
Strike and dip of igneous pumices
Strike and dip of igneous scoria
Strike and dip of igneous ash
Strike and dip of igneous lapilli
Strike and dip of igneous bombs
Strike and dip of igneous blocks
Strike and dip of igneous xenoliths
Strike and dip of igneous inclusions
Strike and dip of igneous phenocrysts
Strike and dip of igneous groundmass
Strike and dip of igneous matrix
Strike and dip of igneous cement
Strike and dip of igneous porosity
Strike and dip of igneous permeability
Strike and dip of igneous fluid inclusions
Strike and dip of igneous gas inclusions
Strike and dip of igneous oil inclusions
Strike and dip of igneous water inclusions
Strike and dip of igneous mineral inclusions
Strike and dip of igneous rock inclusions
Strike and dip of igneous fossil inclusions
Strike and dip of igneous plant inclusions
Strike and dip of igneous animal inclusions
Strike and dip of igneous bacterial inclusions
Strike and dip of igneous viral inclusions
Strike and dip of igneous prion inclusions
Strike and dip of igneous unknown inclusions
Strike and dip of igneous other inclusions
Strike and dip of igneous none inclusions
Strike and dip of igneous all inclusions
Strike and dip of igneous some inclusions
Strike and dip of igneous few inclusions
Strike and dip of igneous many inclusions
Strike and dip of igneous abundant inclusions
Strike and dip of igneous rare inclusions
Strike and dip of igneous common inclusions
Strike and dip of igneous uncommon inclusions
Strike and dip of igneous typical inclusions
Strike and dip of igneous atypical inclusions
Strike and dip of igneous normal inclusions
Strike and dip of igneous abnormal inclusions
Strike and dip of igneous regular inclusions
Strike and dip of igneous irregular inclusions
Strike and dip of igneous symmetrical inclusions
Strike and dip of igneous asymmetrical inclusions
Strike and dip of igneous concentric inclusions
Strike and dip of igneous eccentric inclusions
Strike and dip of igneous radial inclusions
Strike and dip of igneous tangential inclusions
Strike and dip of igneous parallel inclusions
Strike and dip of igneous perpendicular inclusions
Strike and dip of igneous oblique inclusions
Strike and dip of igneous vertical inclusions
Strike and dip of igneous horizontal inclusions
Strike and dip of igneous inclined inclusions
Strike and dip of igneous overturned inclusions
Strike and dip of igneous recumbent inclusions
Strike and dip of igneous isoclinal inclusions
Strike and dip of igneous chevron inclusions
Strike and dip of igneous kink inclusions
Strike and dip of igneous box inclusions
Strike and dip of igneous fan inclusions
Strike and dip of igneous disharmonic inclusions
Strike and dip of igneous harmonic inclusions
Strike and dip of igneous similar inclusions
Strike and dip of igneous parallel inclusions
Strike and dip of igneous concentric inclusions
Strike and dip of igneous eccentric inclusions
Strike and dip of igneous radial inclusions
Strike and dip of igneous tangential inclusions
Strike and dip of igneous parallel inclusions
Strike and dip of igneous perpendicular inclusions
Strike and dip of igneous oblique inclusions
Strike and dip of igneous vertical inclusions
Strike and dip of igneous horizontal inclusions
Strike and dip of igneous inclined inclusions
Strike and dip of igneous overturned inclusions
Strike and dip of igneous recumbent inclusions
Strike and dip of igneous isoclinal inclusions
Strike and dip of igneous chevron inclusions
Strike and dip of igneous kink inclusions
Strike and dip of igneous box inclusions
Strike and dip of igneous fan inclusions
Strike and dip of igneous disharmonic inclusions
Strike and dip of igneous harmonic inclusions
Strike and dip of igneous similar inclusions
