Federal Emergency Management Agency

Washington, D.C. 20472

OCT 23 1998

LETTER OF MAP AMENDMENT
218-70-O

IN REPLY REFER TO CASE NO.: 99-03-036A

Community: Township of Conemaugh,
Somerset County, Pennsylvania
Community No.: 422047
Map Panel Affected: 0005 A
Map Effective Date: June 4, 1990

We reviewed a request dated September 25, 1998, for a Letter of Map Amendment (LOMA). All required information for this request was received on October 2, 1998. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we determined that the property described below is not located in the Special Flood Hazard Area (SFHA), an area that would be inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood).

Property Description:	A parcel of land, as described and recorded in Warranty Deed, Volume 1197, Pages 1081 and 1082, in the Office for the Recording of Deeds for Somerset County
Street Address:	4611 Somerset Pike
Flooding Source:	South Fork Bens Creek

The property is correctly shown outside the SFHA on the above-referenced NFIP map. The property is located in Zone X (unshaded). Flood insurance coverage for the structure may be available under a low-cost policy (see enclosed document).

If the policy has been written using an incorrect zone, it can be endorsed to correct the zone for the current policy year and one prior policy term. You should contact your insurance agent or company to request endorsement of the policy.

Additional information about LOMAs is enclosed. If you have any questions about this letter, please contact Ms. Helen Cohn of our staff in Washington, D.C., either by telephone at (202) 646-3457 or by facsimile at (202) 646-4596.

Sincerely,

Matthew B. Miller
