Federal Emergency Management Agency

Washington, D.C. 20472

MAY - 8 1998

[redacted]
Kenhorst, Pennsylvania 19607

IN REPLY REFER TO:
Case No.: 98-03-1006A
Community: Borough of Kenhorst,
Berks County, Pennsylvania
Community No.: 420135
Map Panel Affected: Berks County, Pennsylvania
(All Jurisdictions)
Number: 42011C0512 E
Map Effective Date: December 5, 1997

218-70-NS

[redacted]

We reviewed a request submitted on your behalf by Congressman Tim Holden, dated March 19, 1998, for a Letter of Map Amendment (LOMA). All required information for this request was received on April 29, 1998. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we have determined that the structure on the property described below would be inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood) and is correctly shown on the current NFIP map as being located in a Special Flood Hazard Area (SFHA), designated Zone AE.

Property Description:	Lot 2, Section 2, Kenhorst South, as described in Corporation Deed No. 8066, recorded in Book 1760, Pages 1111-1113, filed in the Berks County Recorder's Office on June 4, 1979
Street Address:	1370 Woodcrest Drive
Flooding Source:	Angelica Creek

The elevation of the lowest adjacent grade to a structure (the lowest ground touching the structure) must be at or above the base flood elevation for the structure to be outside the SFHA. Because the elevation of the lowest adjacent grade to the structure, 247.9 feet, is lower than the base flood elevation, 249.1 feet, (as shown on the enclosed Flood Profile for Angelica Creek, published in the Flood Insurance Study for Berks County, Pennsylvania (All Jurisdictions)), the structure is within the SFHA. Therefore, flood insurance is required. These elevations are referenced to the National Geodetic Vertical Datum of 1929.

This determination is based on the flood data presently available. The enclosed document provides additional information about your options for obtaining a LOMA. If you have any questions about this letter, please contact Ms. Helen Cohn of our staff in Washington, D.C., either by telephone at (202) 646-3457 or by facsimile at (202) 646-4596.

Sincerely,

Matthew B. Miller
