IN REPLY REFER TO:
Case No.: 97-03-712A
Community: Township of Conemaugh,
Somerset County, Pennsylvania
Community No.: 422047
Map Panel Affected: 0010 A
Map Effective Date: June 4, 1990

218-70-RS

Dear [redacted]

We reviewed your request dated April 15, 1997, for a Letter of Map Amendment (LOMA). All required information for this request was received on June 24, 1997. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we determined that a portion of the property described below is located in a Special Flood Hazard Area (SFHA), the area that would be inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood); however, the structure on the property is not in the SFHA.

Property Description:	A parcel of land as described in Deed Document No. 043662, recorded in Volume 1286, Pages 235-237, and filed by the Recorder of Somerset County, Pennsylvania on August 23, 1995
Street Address:	1516 Soap Hollow Road
Flooding Source:	Soap Hollow

This letter amends the above-referenced NFIP map to remove the structure from the SFHA. The structure is now located in Zone X (unshaded). Flood insurance coverage for the structure may be available under a low-cost policy (see enclosed document). Because portions of the property remain in the SFHA, any future construction or substantial improvement on the property remains subject to Federal, Commonwealth, and local regulations for floodplain management.

An additional enclosed document provides information about LOMAs. If you have any questions about this letter, please contact Ms. Helen Cohn of our staff in Washington, D.C., either by telephone at (202) 646-3457 or by facsimile at (202) 646-4596.

Sincerely,

Frederick H. Sharrocks Jr., Chief
Hazard Identification Branch
Mitigation Directorate
