JACOB KRITZER

PAUL YAHNER

ANSELM WEAKLAND

LEVI WEAKLAND

DO NOT OWN

On this 11th day of January A. D. 1947, the undersigned mining engineer of Pennsylvania Coal and Coke Corporation, in compliance with Section 6 (as amended by Act of July 1, 1937, Section 2, P. L. 1937), Article II, of the Bituminous Mining Laws of Pennsylvania, approved June 9, 1911, hereby certifies that this print is a true and correct copy of the original mine map of Ashcroft No. 34 Mine of Pennsylvania Coal and Coke Corporation. The undersigned further certifies that, to the best of his knowledge and from the information obtainable, he believes that the original map is a true, complete and correct map and survey of all of the excavations made in said permanently abandoned mine. In making this certificate, the undersigned states that the mine in question was operated by other mining organizations prior to the acquisition and operation thereof by Pennsylvania Coal and Coke Corporation and prior to the time when the mine workings and surveys thereof were under the direction of the undersigned, so that he has no direct means of information with respect to the earlier workings and excavations. This certificate, insofar as additions were made to said original map under his direction since the year 1914, is based upon the best of his knowledge and belief from information furnished to his by engineers and others working under his direction.

(While said mine above identified has been permanently abandoned, there remains in the property along the outcrop of the "C-prime" seam of coal certain coal which may in the future be removed by stripping operations or by the entry of drifts through said outcrop.)
