

S Terry Creek surface
area of project not defined.

EXPLANATION

Qu
Quaternary undifferentiated
includes glacial drift, stream alluvium,
talus, and mine waste deposits

Ppp
Post-Pottsville rocks

Pp
Pottsville formation

Mp
Pocahontas formation

Geologic contact
Solid where location is known; dashed
where location is approximate or
under cover

Rock
Coal bed
Solid where location is known; long
dashes where location is uncertain;

Thrust fault
Solid where location is known; dashed
where location is uncertain.
T. upthrown side

Anticline
Showing crest line
Syncline
Showing trough line

A — A'
Location of structure section

Scale 1:24,000
