

- GENERAL NOTES:**
- All elevations shown are based on Pa. Dept. of Environmental Resources Datum. Elevations are to be taken from Bench Mark shown on this Dwg.
  - The Contractor shall, where directed, fill and or grade areas adjacent to channel for drainage.
  - All disturbed areas within the Contractor's Working Area and access must be regraded, reseeded and restored to at least the existing condition.
  - Access to Contractor's Working Area shall be from the designated access road across the land of Coal Castle Fuels Inc. and within the boundaries of the property of the Commonwealth of Pennsylvania as shown on Vicinity Map.
  - Contour interval is 2 feet.
  - Minor adjustments in alignment, grade and limits of Contractor's Working Area, Grading and Revegetation may be made by the Engineer to suit field conditions.
  - For Cross Sections and Details, see Dwg. No. 2.
