

A sepia-toned photograph of the Old County Jail in New York City. The building is a large, ornate, multi-story structure with a prominent clock tower on the right side. The tower has a statue on top. The building features many windows, some with arched tops, and a central entrance with a pediment. In the foreground, there are several bare trees and a sidewalk. The overall tone is historical and somewhat somber.

Is the Modern Bank of Progress and Efficiency

Our Banking Department

Receives deposits subject to check; issues interest-bearing time certificates; loans money on approved collateral, or mortgage; acts as general depository for churches, religious organizations, fraternal orders, etc.

Our Savings Department

Pays interest on accounts, and compounds it semi-annually; and allows liberal withdrawal privileges.

Our Collection Department

Handles coupons of interest-bearing bonds; collects mortgage interest, etc., and will either credit the depositor or remit, as may be desired.

Our Trust Department

Acts as administrator, executor, guardian, trustee, etc., and has many advantages over the individual; its life is perpetual; it is always available; its advice is wholly disinterested; and all its relations are strictly confidential.

^A Our Safe Deposit Department

Offers the customer absolute safety for his valuable papers, etc., as the boxes are built of open hearth steel and contained in burglar-proof, fire-proof, steel-lined vault.

Titles Insured - Surety Bonds Furnished - Rents and Incomes Collected

The
Trust
Company's
Building

This Bank SOLICITS, APPRECIATES AND PROTECTS the accounts of corporations, firms and individuals. Every effort is made by courteous personal attention to give customers the most prompt and efficient service . . .
