REVISIONS KEY MAP SCALE IN FEET

SOURCE OF DATA FOR MAPPING

DEED BOOKS AND PLAT MAPS FROM COUNTY RECORDS, MISCELLANE-OUS PUBLIC AND PRIVATE MAPS OF RECORD, FIELD INVESTIGATION, AND MICHAEL BAKER JR., INC., AERIAL PHOTOGRAPHY 1956.

CAMP SITE

PRINCIPAL POINT, AERIAL PHOTOGRAPHY

The areas and dimensions of this map were obtained by aerial photographs which have been interpreted mechanically. Where possible such measurements have been verified, sometimes by interview with the property owner and sometimes by checking the measurements shown in the owner's recorded deed. This, however, has not been true in all instances. In no instances were the measurements verified by field survey and they are not so represented. This map has been prepared for the purpose of assisting the County Commissioners and other local officials in making proper tax assessments and should not be interpreted or accepted as an individual property survey in transference of deeds or other legal transactions.
