

Technical drawing of a mechanical assembly, likely a pump or motor, showing a top view with dimensions and a side view. The top view includes dimensions such as 2' 5", 2' 3", 2", 4", 8", 4", 3", 9", and 1/8" drill. The side view shows a cylindrical component with a flange and a mounting bracket. The drawing is labeled 'A' at both ends.

Technical drawing of a mechanical assembly, likely a pump or motor component, showing dimensions and labels:

- Dimensions:**
 - $90''$ (Total length)
 - $40''$ (Distance from left end to first vertical line)
 - A (Distance between first and second vertical lines)
 - B (Distance between second and third vertical lines)
 - G (Distance between third and fourth vertical lines)
 - $10''$ (Distance from fourth vertical line to center of first spring)
 - $20''$ (Distance from center of first spring to center of second spring)
 - $3''$ (Distance from right end to center of second spring)
 - F (Distance between centers of two springs)
 - C (Distance between centers of two springs, labeled "Discharge opening - 16"
 - $84 \frac{1}{2}''$ (Distance from left end to right end of the main body)
- Labels:**
 - "Clearance for removal of pulley and gear (minimum)" (Pointing to the gap between the main body and the left end)
 - "2" bolts - 8 places" (Pointing to the bolt holes on the main body)

Technical drawing of a mechanical assembly, likely a pump or engine component, showing a side view with various dimensions and a cross-section view.

Dimensions (inches):

- Overall width: 5'-5"
- Overall height: 12'-1"
- Top horizontal distance: 4'-8 3/4"
- Top horizontal distance: 2'-0 1/2"
- Top horizontal distance: 11 1/4"
- Top horizontal distance: 2'
- Top horizontal distance: 4'-2"
- Top horizontal distance: 3'-0"
- Top horizontal distance: 2'-0 1/4"
- Top horizontal distance: 4'-1"
- Top horizontal distance: 4'-6"
- Top horizontal distance: 2'
- Top horizontal distance: 5'-0 1/4"
- Top horizontal distance: 2'-2"
- Top horizontal distance: 45°
- Top horizontal distance: 45°
- Top horizontal distance: 20 1/2"
- Top horizontal distance: 36"
- Top horizontal distance: 12'-1"
