

440,000

LUCERNE #6
HELVETIA COAL CO.

SCALE
1" = 1,000'
● Drill hole

THICKNESS MAP
Middle number = Average thickness value
(X100) for 1,000' block.
Bottom number = Variance (X100) for 1,000' block.
To obtain 95% confidence level multiply
square root of variance by 2.
