EXPLANATION

Contour between the Main Creek and the Shenandoah River the Potomac River.

First bed with descending under the main creek.

Second bed with descending under the main creek.

Third bed with descending under the main creek.

Fourth bed with descending under the main creek.

Fifth bed with descending under the main creek.

Sixth bed with descending under the main creek.

Seventh bed with descending under the main creek.

Eighth bed with descending under the main creek.

Ninth bed with descending under the main creek.

Tenth bed with descending under the main creek.

Eleventh bed with descending under the main creek.

Twelfth bed with descending under the main creek.

Thirteenth bed with descending under the main creek.

Fourteenth bed with descending under the main creek.

Fifteenth bed with descending under the main creek.

Sixteenth bed with descending under the main creek.

Seventeenth bed with descending under the main creek.

Eighteenth bed with descending under the main creek.

Nineteenth bed with descending under the main creek.

Twentieth bed with descending under the main creek.

Twenty-first bed with descending under the main creek.

Twenty-second bed with descending under the main creek.

Twenty-third bed with descending under the main creek.

Twenty-fourth bed with descending under the main creek.

Twenty-fifth bed with descending under the main creek.

Twenty-sixth bed with descending under the main creek.

Twenty-seventh bed with descending under the main creek.

Twenty-eighth bed with descending under the main creek.

Twenty-ninth bed with descending under the main creek.

Thirtieth bed with descending under the main creek.

Thirty-first bed with descending under the main creek.

Thirty-second bed with descending under the main creek.

Thirty-third bed with descending under the main creek.

Thirty-fourth bed with descending under the main creek.

Thirty-fifth bed with descending under the main creek.

Thirty-sixth bed with descending under the main creek.

Thirty-seventh bed with descending under the main creek.

Thirty-eighth bed with descending under the main creek.

Thirty-ninth bed with descending under the main creek.

Fortieth bed with descending under the main creek.

Forty-first bed with descending under the main creek.

Forty-second bed with descending under the main creek.

Forty-third bed with descending under the main creek.

Forty-fourth bed with descending under the main creek.

Forty-fifth bed with descending under the main creek.

Forty-sixth bed with descending under the main creek.

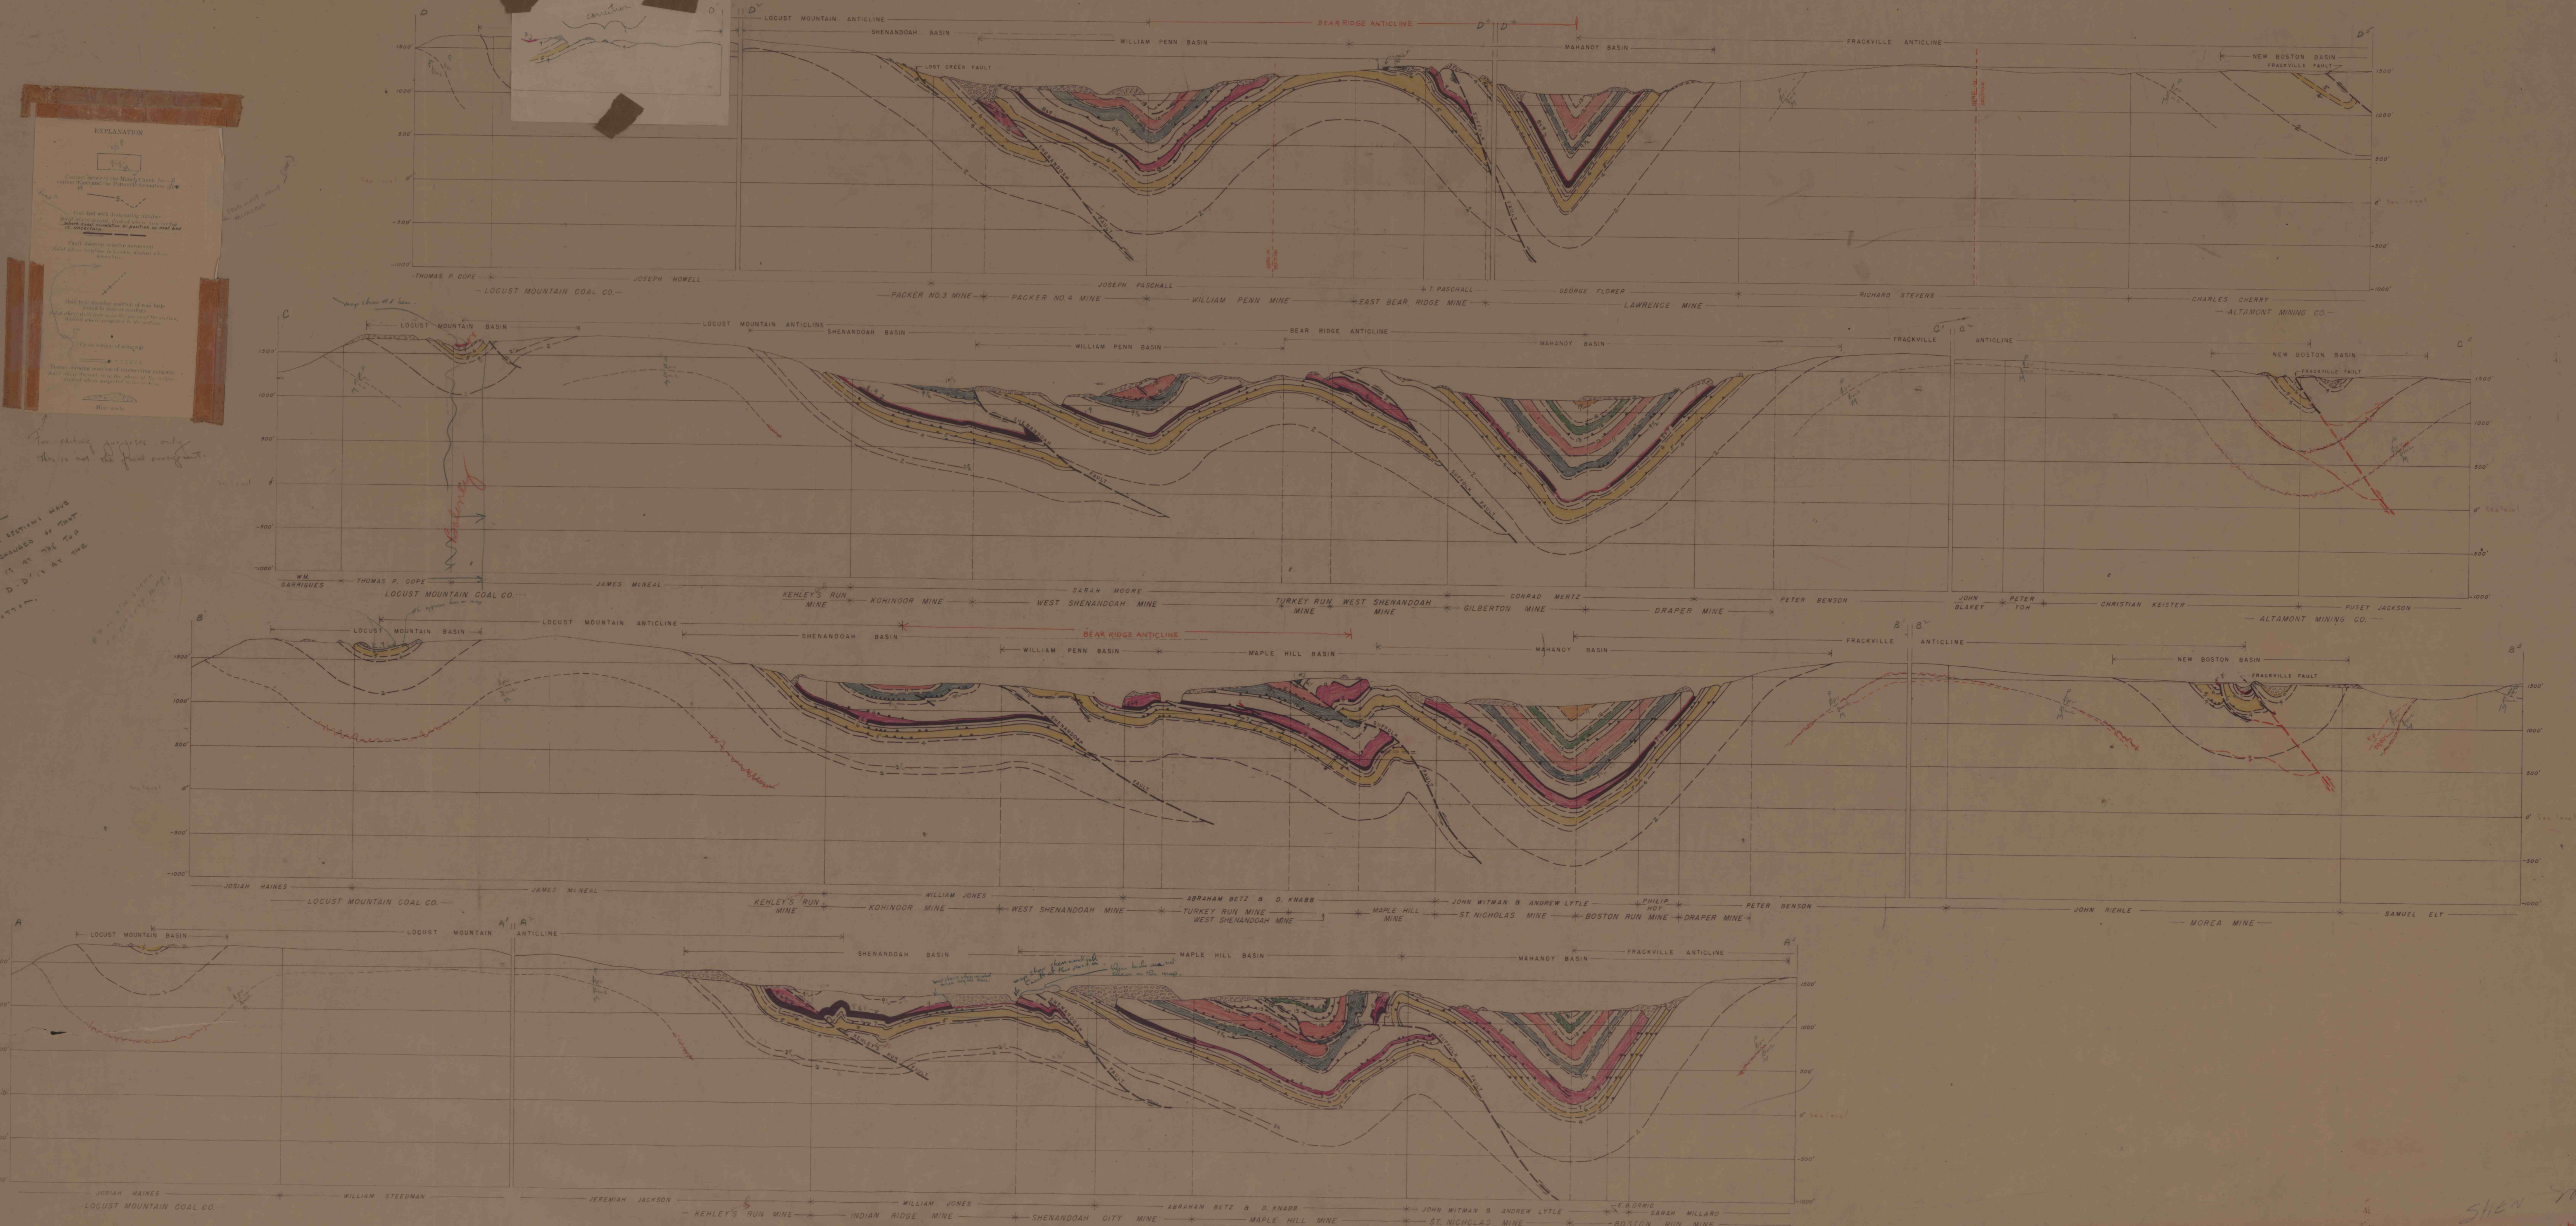

Forty-seventh bed with descending under the main creek.

Forty-eighth bed with descending under the main creek.

Forty-ninth bed with descending under the main creek.

Fiftieth bed with descending under the main creek.

Note -
These sections have
been changed at the
top and bottom.
