

SECOND GEOLOGICAL SURVEY OF PENNSYLVANIA. J.P. LESLEY, STATE GEOLOGIST
ANTHRACITE DISTRICT. CHAS. A. ASHBURNER, GEOLOGIST IN CHARGE

SECTION OF COAL MEASURES:
ASHLAND SHEET
BELLS TUNNEL AND POTTS
COLLIERY

NOTES:
1. The North and South Meridian and East and West Parallel lines are drawn 2000 feet apart.
2. All material printed in red refers to the Mahanoy bed. The contour lines are drawn 50 feet vertically apart on the plane of the bottom surface on light red lines.
3. The mine workings in beds overlying the Mahanoy bed are shown in green lines, and those in beds underlying the Mahanoy bed in blue lines.
4. With the exception of faults and folds, the black print refers to surface features exclusively.
5. The topography is shown by contour lines, and the bottom surface of the Mahanoy bed by light red lines.
6. The mine workings in the Mahanoy bed are shown by black lines.
7. The mine workings in the Mahanoy bed are shown by black lines.
8. The mine workings in the Mahanoy bed are shown by black lines.
9. The mine workings in the Mahanoy bed are shown by black lines.
10. The mine workings in the Mahanoy bed are shown by black lines.
11. The mine workings in the Mahanoy bed are shown by black lines.
12. The mine workings in the Mahanoy bed are shown by black lines.
13. The mine workings in the Mahanoy bed are shown by black lines.
14. The mine workings in the Mahanoy bed are shown by black lines.
15. The mine workings in the Mahanoy bed are shown by black lines.
16. The mine workings in the Mahanoy bed are shown by black lines.
17. The mine workings in the Mahanoy bed are shown by black lines.
18. The mine workings in the Mahanoy bed are shown by black lines.
19. The mine workings in the Mahanoy bed are shown by black lines.
20. The mine workings in the Mahanoy bed are shown by black lines.
21. The mine workings in the Mahanoy bed are shown by black lines.
22. The mine workings in the Mahanoy bed are shown by black lines.
23. The mine workings in the Mahanoy bed are shown by black lines.
24. The mine workings in the Mahanoy bed are shown by black lines.
25. The mine workings in the Mahanoy bed are shown by black lines.
26. The mine workings in the Mahanoy bed are shown by black lines.
27. The mine workings in the Mahanoy bed are shown by black lines.
28. The mine workings in the Mahanoy bed are shown by black lines.
29. The mine workings in the Mahanoy bed are shown by black lines.
30. The mine workings in the Mahanoy bed are shown by black lines.
31. The mine workings in the Mahanoy bed are shown by black lines.
32. The mine workings in the Mahanoy bed are shown by black lines.
33. The mine workings in the Mahanoy bed are shown by black lines.
34. The mine workings in the Mahanoy bed are shown by black lines.
35. The mine workings in the Mahanoy bed are shown by black lines.
36. The mine workings in the Mahanoy bed are shown by black lines.
37. The mine workings in the Mahanoy bed are shown by black lines.
38. The mine workings in the Mahanoy bed are shown by black lines.
39. The mine workings in the Mahanoy bed are shown by black lines.
40. The mine workings in the Mahanoy bed are shown by black lines.
41. The mine workings in the Mahanoy bed are shown by black lines.
42. The mine workings in the Mahanoy bed are shown by black lines.
43. The mine workings in the Mahanoy bed are shown by black lines.
44. The mine workings in the Mahanoy bed are shown by black lines.
45. The mine workings in the Mahanoy bed are shown by black lines.
46. The mine workings in the Mahanoy bed are shown by black lines.
47. The mine workings in the Mahanoy bed are shown by black lines.
48. The mine workings in the Mahanoy bed are shown by black lines.
49. The mine workings in the Mahanoy bed are shown by black lines.
50. The mine workings in the Mahanoy bed are shown by black lines.
51. The mine workings in the Mahanoy bed are shown by black lines.
52. The mine workings in the Mahanoy bed are shown by black lines.
53. The mine workings in the Mahanoy bed are shown by black lines.
54. The mine workings in the Mahanoy bed are shown by black lines.
55. The mine workings in the Mahanoy bed are shown by black lines.
56. The mine workings in the Mahanoy bed are shown by black lines.
57. The mine workings in the Mahanoy bed are shown by black lines.
58. The mine workings in the Mahanoy bed are shown by black lines.
59. The mine workings in the Mahanoy bed are shown by black lines.
60. The mine workings in the Mahanoy bed are shown by black lines.
61. The mine workings in the Mahanoy bed are shown by black lines.
62. The mine workings in the Mahanoy bed are shown by black lines.
63. The mine workings in the Mahanoy bed are shown by black lines.
64. The mine workings in the Mahanoy bed are shown by black lines.
65. The mine workings in the Mahanoy bed are shown by black lines.
66. The mine workings in the Mahanoy bed are shown by black lines.
67. The mine workings in the Mahanoy bed are shown by black lines.
68. The mine workings in the Mahanoy bed are shown by black lines.
69. The mine workings in the Mahanoy bed are shown by black lines.
70. The mine workings in the Mahanoy bed are shown by black lines.
71. The mine workings in the Mahanoy bed are shown by black lines.
72. The mine workings in the Mahanoy bed are shown by black lines.
73. The mine workings in the Mahanoy bed are shown by black lines.
74. The mine workings in the Mahanoy bed are shown by black lines.
75. The mine workings in the Mahanoy bed are shown by black lines.
76. The mine workings in the Mahanoy bed are shown by black lines.
77. The mine workings in the Mahanoy bed are shown by black lines.
78. The mine workings in the Mahanoy bed are shown by black lines.
79. The mine workings in the Mahanoy bed are shown by black lines.
80. The mine workings in the Mahanoy bed are shown by black lines.
81. The mine workings in the Mahanoy bed are shown by black lines.
82. The mine workings in the Mahanoy bed are shown by black lines.
83. The mine workings in the Mahanoy bed are shown by black lines.
84. The mine workings in the Mahanoy bed are shown by black lines.
85. The mine workings in the Mahanoy bed are shown by black lines.
86. The mine workings in the Mahanoy bed are shown by black lines.
87. The mine workings in the Mahanoy bed are shown by black lines.
88. The mine workings in the Mahanoy bed are shown by black lines.
89. The mine workings in the Mahanoy bed are shown by black lines.
90. The mine workings in the Mahanoy bed are shown by black lines.
91. The mine workings in the Mahanoy bed are shown by black lines.
92. The mine workings in the Mahanoy bed are shown by black lines.
93. The mine workings in the Mahanoy bed are shown by black lines.
94. The mine workings in the Mahanoy bed are shown by black lines.
95. The mine workings in the Mahanoy bed are shown by black lines.
96. The mine workings in the Mahanoy bed are shown by black lines.
97. The mine workings in the Mahanoy bed are shown by black lines.
98. The mine workings in the Mahanoy bed are shown by black lines.
99. The mine workings in the Mahanoy bed are shown by black lines.
100. The mine workings in the Mahanoy bed are shown by black lines.
