

Maped, edited, and published by the Geological Survey
Control by USGS and USGS
Photography by the photographic methods from aerial photographs
taken 1955. First sheet 1955.
Photographic scale, 1:50,000 and this based on Pennsylvania
coordinate system, each zone, 1000-meter Universal Transverse
Mercator grid, zone 17, center in town, 1957. North
arrow, 1955. The map is a composite of several sheets.
Scale 1:50,000 means the horizontal lines 4 meters north and
10 meters west are shown by dashed corner lines.
Red ink indicates areas in which only boundary buildings are shown.
Boundaries in areas completed in cooperation with
State of Pennsylvania agencies from aerial photographs
taken 1955. The information and data provided.

Map photographed 1977. The major
cultural or change changes observed
