

- GENERAL LEGEND**
- - - - - Surface Mine Permit Limit
 - X - - - - - 1000 Foot Permit Perimeter
 - L.R. 53015 - - - - - Legislative Route
 - - - - - Restricted Area Limit
 - B - - - - - Adjacent Mine Permit Designation (See Module 7.4)
 - - - - - Common Road. Note: The prominent roads are shown on this map. Each pre-act stripping pit has an unused haul road along the pit and unused access roads between pits. The unused roads are not shown at this scale to maintain map legibility.
 - 9 - - - - - Coal Outcrop
 - f - - - - - Anticline
 - s - - - - - Syncline
 - o - - - - - Overturned Syncline
 - o - - - - - Overturned Anticline
 - o - - - - - Thrust Fault (Sawteeth on upper plate)
 - - - - - Tunnel
 - - - - - - Shaft
 - - - - - Slope
 - - - - - Trench

- EXHIBIT 6.2 LEGEND**
- - - - - Previously Surface Mined Seam. Note: Area affected by previous mining will parallel the seam outcrop along both sides of the outcrop.

- EXHIBIT 9 LEGEND**
- [Pattern] - Mining, 0'-85' Depth
 - [Pattern] - Mining, 0'-115' Depth
 - [Pattern] - Above Ground Spoil
 - [Pattern] - Below Ground Spoil
 - [Pattern] - Support
 - [Pattern] - Reclamation Stage I
 - [Pattern] - Reclamation Stage II

- EXHIBIT 18 LEGEND**
- - Pre-Mine, Post-Mine Land Use
 - M - Active or Abandoned Mine Land
 - R - Residential
 - W - Woodland
 - I - Industrial
 - F - Forestland

Note: All affected bonded areas will be planted with the seed mixture specified in Module 23.

NOTE: THE USGS LOCATION OF THE NEW PHILADELPHIA BOROUGH LINE DOES NOT AGREE WITH DEED DESCRIPTIONS OF THE LINE LOCATION.
