

HARRY M. WALKER

ENGINEER

P. O. BOX 222

PERCY, PA.

March 10, 1925

I have been employed by the Perry Hills Coal Co. for the purpose of making a map of the mine. The map is made from a plan of the mine, and is a true and correct representation of the same. It is made to show the location of the mine, and the location of the buildings, and the location of the roads, and the location of the water, and the location of the other things which are on the mine. It is made to show the location of the mine, and the location of the buildings, and the location of the roads, and the location of the water, and the location of the other things which are on the mine.
